Only spiritual transformation can bring about social welfare. Sai Baba

Gracious loving Lord, we give thanks for our blessings! We now charge the I AM Presence within us to imbue all of us with greater love, compassion, joy, energy, health, gratitude, enthusiasm, courage and stamina for increased selfless service. We decree for abundant rain for Colorado, without flooding! We visualize all on this list as Perfection Itself. We decree for the preservation of our freedoms, for the restoration of peace, truth and justice on the planet, and to increase our daily Guidance, resolve and discipline. Let us perform all work as worship, let us give joy to the sorrowful, strength to the weary, hope to the grieving, mercy to the lonely, tenderness to the ill and peace to all we meet. Let us join You, Lord, in pouring our Divine Love upon our radiant Atma – I AM Presence - and on: (read names left to right)
